

RID DEPARTMENT - DESKTOP RESEARCH TASKS

KEPROBA Funded Annual Workplan FY 2026 / 2027 | Source: Approved Annual Work Plan FY 2026.2027.pdf (RID extract)

Subset of the RID department workplan extract covering the tasks that involve **desktop (secondary) research only** - the research analysis and intelligence deliverables tied directly to the researcher role. Tasks that require in-country/field work, training/outreach sessions or events are excluded.

No	Strategic Objective	Strategy	Projected Output	Activities	Key Performance Indicator (KPI)	Target					Budget (KES)				Timelines				Responsible
						Q1	Q2	Q3	Q4	Annual	GoK (Cash)	Don or (Cash)	Don or (in kind)	Total	Q 1	Q 2	Q 3	Q 4	
KRA 1: Product Development and Compliance - Strategic Issue: Export Product Development and Compliance (supply side issues) - Goal: Enhanced export capacities and compliance of Kenya's export products																			
1	1. Facilitate development, adaptation and compliance of Kenya's export products	Understand market requirements and consumer preferences	Export opportunities for value chains in Kenya's key markets identified and disseminated to stakeholders	Conduct Secondary/desk research for Egypt and Nigerian markets	Secondary Research Reports on Egypt and Nigeria markets generated	-	-	1	1	2	0.00	-	-	0.00					RID
2	1. Facilitate development, adaptation and compliance of Kenya's export products	Understand market requirements and consumer preferences	Export opportunities for value chains identified and disseminated	Generate trade flow analyses (trade briefs) for Kenya's products in Kenya's export markets	12 Trade briefs generated	3	3	3	3	12	0.00	-	-	0.00					RID
3	1. Facilitate development, adaptation and compliance of Kenya's export products	Understand market requirements and consumer preferences	Export opportunities for value chains identified and disseminated	Generate trade flow analyses (trade briefs) for Kenya's products (regional focus)	4 regional trade briefs developed	1	1	1	1	4	0.00	-	-	0.00					RID
4	1. Facilitate development, adaptation and compliance of Kenya's export products	Understand market requirements and consumer preferences	Quarterly and annual Export performance briefs	Develop and disseminate quarterly and annual Export performance briefs	Quarterly Export performance briefs developed and disseminated	1	1	1	1	4	2,000,000.00	0.00	-	2,000,000.00					RID
5	1. Facilitate development, adaptation and compliance of Kenya's export products	Understand market requirements and consumer preferences	Quarterly and annual Export performance briefs	Develop and disseminate annual export performance briefs	Annual Export and Nation Brand performance briefs developed and disseminated	-	-	-	1	1	0.00	-	-	0.00					RID
6	1. Facilitate development, adaptation and compliance of Kenya's export products	Understand market requirements and consumer preferences	Real-time trade policy insights	Develop Export Policy Performance Dashboard	Interactive Dashboard developed	-	-	1	-	1	1,500,000.00	0.00	-	1,500,000.00					RID
7	1. Facilitate development, adaptation and compliance of Kenya's export products	Understand market requirements and consumer preferences	Strengthened research collaboration	Market intelligence gathering for prioritized value chains (documentation & reporting)	Market intelligence reports on prioritized value chains generated	-	-	1	1	2	0.00	-	-	0.00					RID
8	1. Facilitate development, adaptation and compliance of Kenya's export products	Engage regulators and stakeholders to address supply side constraints	Enhanced market access for value chain products	Identify and document restrictive external policy environment (Tariff and non-tariff barriers) minimizing market access for the selected value chains	No. of value chains for which Tariff and non-tariff barriers to trade in the regional and international markets identified, documented and advocated for resolution	1	1	1	2	5	0.00	-	-	0.00					RID
KRA 2: Export Market Development and Promotion - Strategic Issue: Export Market Development (demand side issues) - Goal: Enhanced access to markets to increase exports by 10% annually (Ksh 873.1 bn in 2022 to Ksh 1.5 trillion in 2028)																			
9	2. Enhance visibility of Kenya's export products in regional	Implement market deepening and diversification	Kenyan exporters coordinated to participate and linked with buyers	Conduct market discovery and consumer research in Serbia (desk research)	Market Research Report on Serbia	-	-	1	-	1	35,000,000.00	0.00	-	35,000,000.00					RID

No	Strategic Objective	Strategy	Projected Output	Activities	Key Performance Indicator (KPI)	Target					Budget (KES)				Timelines				Responsible
						Q1	Q2	Q3	Q4	Annual	GoK (Cash)	Don or (Cash)	Don or (in kind)	Total	Q 1	Q 2	Q 3	Q 4	
	and international markets	on initiatives	during the Expo 2027 Belgrade, Serbia																
10	2. Enhance visibility of Kenya's export products in regional and international markets	Implement market deepening and diversification initiatives	Leverage high level visits to create market linkages and address market access issues in various export markets	Undertake pre-feasibility study on "Establishment of warehouses in Kenya's Key Markets" (desk research)	Pre-feasibility study report generated	-	-	1	-	1	35,000	900.00		35,000	000.00				RID

Desktop research tasks included (10), total budget KES 73,500,000.00: Egypt/Nigeria secondary research · 12 trade briefs · 4 regional trade briefs · quarterly export performance briefs · annual export & nation brand briefs · export policy performance dashboard · market intelligence reports · tariff/non-tariff barrier documentation · Serbia market research report · warehouse pre-feasibility study.

Excluded from this subset (research-related but not desk-research-only): In-country value chain research for 3 sectors (field work) · embassy/High-commission capacity building & trainings (outreach) · quarterly sensitization sessions on the briefs (delivery sessions). My numbering above corresponds to tasks 1, 2, 3, 5, 7, 8, 10, 14, 24 and 25 of the full RID workplan extract.
